

Gillian Bryant CSC

I am a currently serving, female reservist in the Royal Australian Navy, mother to two school age children, and current Vice President of the Cairns Sub Branch.

It has been an honour and a privilege to be involved in the Cairns Sub Branch board as we have navigated some difficult times, however, the pleasure I get from seeing happy veteran's day to day because of the work the Sub Branch is doing is the reason why I feel there is still more work for me to be a part of in our organisation.

I am hopeful and excited to continue in this role, as we as a board are gaining momentum in our representational duties, commemorative services, events, fundraising, and actively making veterans lives more enriched by supporting them in their time of need and provided a range of community engagement activities for them to attend to stay connected to our veteran cohort.
